

Open the [online calculation tool](#)

**Please note:** this calculation tool is intended to provide an estimate of the child budget you are eligible to receive based on your income and personal situation. You do not typically have to apply for child budget: the Social Insurance Bank (SVB) will make an application to the Dutch Tax and Customs Administration (Belastingdienst) on your behalf. The online calculation tool can also be used for other benefits and allowances; however, the instructions below focus solely on the child budget.

## SECTION 1 - General (*Algemeen*)

**Question 1:** Select the year for your calculation estimate  
[Select from drop-down]

**Question 2:** Choose the type of allowance that you wish to calculate – please select only ‘*Kindgebonden budget*’ (child budget)

[Warning message displayed]

**Please note:** Enter numerical values without a decimal point or comma, unless specified otherwise.

## SECTION 2 - Your details (*Uw gegevens*)

**Question 3:** Enter your date of birth [Select from calendar or manually enter using format: DD-MM-YYYY]

**Question 4:** Do you have a tax partner? ([Learn more](#))  
• *ja* = yes / *nee* = no

**Question 5:** How many children younger than 18 years do you have? [Select from drop-down]

**Question 6:** What is your estimated income for the year (including pre-tax salary, benefits or pension pay-outs)?  
[Do not include a decimal point]

[Section 3 is only shown if you answered ‘yes’ to Question 4]

## SECTION 3 – Details of your tax partner (*Gegevens van uw toeslagpartner*)

**Question 7:** Enter the date of birth of your tax partner [Select from calendar or manually enter using format: DD-MM-YYYY]

**Question 8:** What is your tax partner’s estimated income for the year (including pre-tax salary, benefits or pension pay-outs)?  
[Do not include a decimal point]

## SECTION 4 – Details about your child(ren) (*Gegevens van uw kind(eren)*)

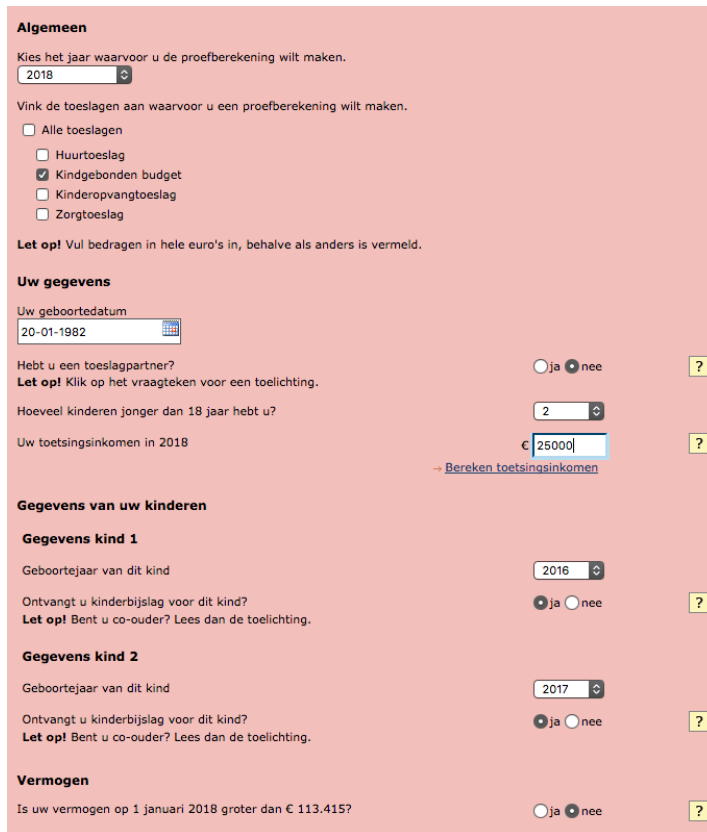

[If you have more than one child, you will be asked to repeat Questions 9, 10 and 11 for each child]

**Question 9:** Enter the date of birth of your child [Select from calendar or manually enter using format: DD-MM-YYYY]

**Question 10:** Do you receive child benefit (*kinderbijslag*) for your child?

• *ja* = yes / *nee* = no

[Please note: if you are a co-parent, only select ‘yes’ if you are the applicant for the child benefit. If you select ‘no’ to Questions 4 and 10, the form will end]

The screenshot shows the 'Algemeen' (General) section of the online calculation tool. It includes a dropdown for the year (2018), a section for selecting allowances (Kindgebonden budget is selected), and a section for entering personal details (Uw gegevens). The personal details section includes fields for birth date (20-01-1982), tax partner status (nee), number of children (2), and income (€ 25000). There are also sections for children's details (Gegevens van uw kinderen) and a section for income (Vermogen).

[Section 11 is only shown if you answer 'no' to Question 10]

**Question 11:** Does the other parent receive child benefit (*kinderbijslag*) for your child?

- *ja* = yes / *nee* = no

[If you select 'no' in Questions 10 and 11, the form will end]

## SECTION 5 – Capital (*Vermogen*)

**Question 12:** Was your personal capital greater than €113,415 or the combined capital of yourself and your tax partner greater than €143,415 on 1 January? This includes savings, dividends and other forms of capital. Please note: thresholds vary per calculation year

- *ja* = yes / *nee* = no

## SECTION 6 – Calculate (*Bereken*)

Once you've completed all questions, or if the form has ended prematurely because of the answers you have given, the 'Bereken' (calculate) button at the end of the form becomes active. Click this button to continue.

You now see an estimate of your child budget based on your income and personal situation.

The message '*U krijgt geen kindergebonden budget*' means that you are not eligible for child budget. The most common reason is that your income and/or capital is higher than the annual threshold.

The message '*Uw kindergebonden budget is in totaal €435 per maand*' means you (and your tax partner) would be eligible to receive €435 in total per month for your children, for example.

If you would like to make any changes to your details, click the button titled '*Wijziging invoer*' at the end of the page.

## Additional notes

Typically, you do not have to apply for a child budget as the application procedure is automatic. However, if you believe you may be eligible to receive a child budget and have not received any notification, you can apply directly with the Dutch Tax and Customs Administration (Belastingdienst).

If your child lives outside the Netherlands, the value of the child budget is likely to be reduced or you may not be eligible for any child budget.

The child budget allowance for single parents is greater.
